## **TRIP INFORMATION**

- **Climate**

Mauritius enjoys a mild tropical maritime climate throughout the year. The country has two seasons: a warm humid summer extending from November to April and a relatively cool dry winter from June to September. The month of October and May are commonly known as the transition months. Mean summer temperature is 24.7 degrees Celsius and mean winter temperature is 20.4 degrees Celsius. The temperature

difference between the seasons is only 4.3 degrees Celsius. The warmest months are January and February with average day maximum temperature reaching 29.2 degrees Celsius and the coolest months are July and August when average night minimum temperatures drops down to 16.4 degrees Celsius..

- **Altitude**

Mauritius is surrounded by mountain ranges, varying in height from 300 meters to 800 meters above sea level. The land rises from the coastal plains to a central plateau where it reaches a height of 670 meters. The highest peak, the peak of the Petite Rivière Noire at 828 m, is located to the southwest.

- **Equipment**

HT Agency Tours offers torches for nocturnal wildlife walks, a water bottle. Please bring camera film (and spare batteries), binoculars and a beach towel and swimwear. Rain proof pants are very handy for walks in the rainforest. Walking poles maybe useful in Ranomafana NP and Andasibe NP. Lightweight walking bootshoes and trainers is recommended. Clothing should be lightweight, but a warm sweater or jacket is advisable as nights at altitude and under desert conditions can be very cold, even in summer. Rainwear is highly recommended on all tours for the occasional shower.
